MDL NO. 1407

ORDER GRANTING DEFENDANTS'  
MOTION FOR SUMMARY JUDGMENT  
DISMISSAL OF CARDIAC INJURY  
CASES

I. INTRODUCTION AND BACKGROUND

THIS MATTER comes before the court on defendants' motion for summary judgment dismissal of cardiac injury cases.<sup>1</sup> In an order dated June 18, 2003, this court found inadmissible all of plaintiffs' general causation expert opinions as to cardiac injuries. Defendants now move for summary judgment dismissal of all claims in which plaintiffs allege solely cardiac injuries. Having reviewed the pleadings filed in support of and in opposition to

<sup>1</sup> Defendants originally filed this motion on August 27, 2003, withdrew it without prejudice, and re-filed the motion on September 11, 2003.

1 the motion, the court finds and rules as follows:

2                   II. DISCUSSION

3                 Summary judgment is appropriate when "the pleadings, deposi-  
4 tions, answers to interrogatories, and admissions on file,  
5 together with the affidavits, if any, show that there is no  
6 genuine issue as to any material fact and that the moving party  
7 is entitled to a judgment as a matter of law." Fed. R. Civ. P.  
8 56(c); Celotex Corp. v. Catrett, 477 U.S. 317, 322 (1986); accord  
9 CR 56(b). The moving party is entitled to judgment as a matter  
10 of law when the nonmoving party fails to make a sufficient  
11 showing on an essential element of her case with respect to which  
12 she has the burden of proof. Celotex Corp., 477 U.S. at 323.  
13 The moving party bears the initial burden of demonstrating the  
14 lack of a genuine issue of material fact. Id. at 325. The  
15 moving party may discharge this burden "by 'showing' . . . that  
16 there is an absence of evidence to support the nonmoving party's  
17 case." Id.

18                 In all of the cases identified in Appendix A, plaintiffs  
19 allege that they sustained solely cardiac-related injuries as a  
20 result of ingesting PPA-containing products. In order to prevail  
21 on their claims, plaintiffs must establish both general and  
22 specific causation. In re Hanford Nuclear Reservation Litig.,  
23 292 F.3d 1124, 1134 (9<sup>th</sup> Cir. 2002). Given the medically and  
24 scientifically complex nature of this litigation, expert testi-  
25 mony is crucial to the establishment of causation. See, e.g., In  
26 re Norplant Contraceptive Prods. Liab. Litig., 215 F. Supp. 2d

ORDER

Page - 2 -

1 795, 830 (E.D. Tex. 2002) ("Evidence of general causation must be  
2 provided in the form of expert testimony that satisfies the  
3 requirements of [Daubert] and Rule 702 of the Federal Rules of  
4 Evidence. [K]nowledge of [a drug's] capabilities is based on  
5 scientific or other specialized information requiring interpreta-  
6 tion by experts in the field.") (citing Daubert v. Merrell Dow  
7 Pharm., Inc., 509 U.S. 579, 589-91 (1993)).

8 As noted, this court deemed inadmissible expert testimony as  
9 to a causal relationship between PPA and cardiac injuries.  
10 Because plaintiffs cannot proffer expert testimony on the issue  
11 of general causation, they lack evidence necessary to establish  
12 their claims. Accordingly, the court finds dismissal of plain-  
13 tiffs' claims appropriate. See, e.g., Domingo v. T.K., 289 F.3d  
14 600, 607-08 (9th Cir. 2002) (finding summary judgment appropriate  
15 where, after excluding plaintiff's expert testimony under  
16 Daubert, "there was insufficient testimony to create a genuine  
17 issue of material fact regarding causation."); Claar v.  
18 Burlington N. R.R., 29 F.3d 499, 504 (9th Cir. 1994) ("Plain-  
19 tiffs, not having proffered any admissible expert testimony, have  
20 no evidence [of causation]. Accordingly, there is no genuine  
21 issue of material fact concerning even the modicum of causation  
22 [required], and summary judgment was appropriate.")

23 None of the objections raised in response to defendants'

24

25

26

ORDER

Page - 3 -

1 motion alter the court's conclusion.<sup>2</sup> Through these objections,  
2 plaintiffs essentially seek a reversal of the court's conclusion  
3 under Daubert. However, the court has no intention of revisiting  
4 its Daubert decision. Indeed, the time for filing a motion for  
5 reconsideration has long since passed. See Local Rule 7(h)(2)  
6 (motions for reconsideration "shall be filed within ten judicial  
7 days following the order to which it relates.")

8 Moreover, even if they were timely, plaintiffs' arguments as  
9 to the court's Daubert decision lack merit. Plaintiffs fail to  
10 identify any manifest error in the court's decision. Id. at  
11 7(h)(1) ("The court will ordinarily deny [motions for reconsider-  
12 ation] in the absence of a showing of manifest error in the prior  
13 ruling or a showing of new facts or legal authority which could  
14 not have been brought to its attention earlier with reasonable  
15 diligence.") Nor do plaintiffs identify any pertinent new facts  
16 or legal authority. Id. Instead, plaintiffs' reliance on  
17 Clausen v. M/V New Carissa, No. 01-35928, No. 01-36079, 2003 WL  
18 22208783 (9th Cir. Sept. 25, 2003) is misplaced. In that case,  
19 the Ninth Circuit discussed Daubert in the context of differen-  
20

---

21       <sup>2</sup> However, in response to one opposition, the court has  
22 removed the names of two plaintiffs - Billie Reinninger and  
23 Irene Adams - from Appendix A. Defendant Chattem conceded that  
24 Reinninger's name was inadvertently included as subject to the  
25 motion. Although defendant Wyeth did not similarly come forward  
26 with respect to Adams, it appears that Adams alleged suffering a  
PPA-related stroke in both her Plaintiff's Fact Sheet and  
Complaint. See Reinninger and Adams Opp'n to Defs' Summ. J.  
Mot., Exs. 5-7. As such, the court sees no basis at this time  
for dismissal of Adams' claims.

1 trial diagnosis, a technique not relevant to this court's general  
2 causation analysis (i.e., whether PPA is capable of causing  
3 cardiac injuries). See id. at \*6 ("Differential diagnosis is . .  
4 . a standard scientific technique of identifying the cause of a  
5 medical problem by eliminating the likely causes until the most  
6 probable one is isolated.")

7 Additionally, the court finds unavailing plaintiffs' at-  
8 tempts to proffer previously proposed cardiac injury experts on  
9 their behalf. The court carefully considered the issue of the  
10 expert chosen to testify on behalf of plaintiffs with cardiac  
11 injuries. In fact, because of various problems with other  
12 proposed experts, the court allowed plaintiffs to proffer an  
13 expert who had not been previously disclosed. See MDL No. 1407,  
14 Dkt. 1738 (April 16, 2003). The court also deferred the hearing  
15 on cardiac injuries after concerns as to timing were expressed by  
16 both plaintiffs and defendants. Id., Dkt. 1776 (April 24, 2003).  
17 Dr. Irvin Goldenberg's testimony was considered, and his and  
18 other cardiac-related expert opinions deemed inadmissible under  
19 Daubert, on behalf of all plaintiffs with cardiac injuries.

20 In sum, plaintiffs lack admissible expert testimony as to  
21 general causation between PPA and cardiac injuries, an essential  
22 element of their claims. Accordingly, the court finds summary  
23 judgment dismissal of plaintiffs' claims appropriate. Defendants'  
24 motion for summary judgment is hereby GRANTED and the

ORDER

Page - 5 -

1 claims of plaintiffs named in Appendix A DISMISSED.<sup>3</sup>

DATED at Seattle, Washington this 24th day of October, 2003.

s/Barbara Jacobs Rothstein  
BARBARA JACOBS ROTHSTEIN  
UNITED STATES DISTRICT JUDGE

24       <sup>3</sup>On October 20, 2003, various plaintiffs moved for leave to  
25 file a supplemental response to defendants' motion. However,  
26 having reviewed the proposed supplemental response, the court  
finds that it would not affect the court's decision. As such,  
leave to file the supplemental response is DENIED.
